Dear Parent or Guardian:

Re: Parent Permission Forms for Student Field Trips and Information to Parents

The Three Village Central School District is committed to maintaining a safe, secure learning environment for our students and staff inside and outside of the school building. School field trips are a great opportunity for your son and/or daughter to add further context and substance to concepts and material learned in class. School sponsored field trips offer long-lasting positive and educational memories for students.

Members of the District Emergency Management Team carefully review and evaluate the safety of field trips outside of the Long Island region. The District reserves the right to evaluate each field trip and may implement selective cancellations based on information received from local, state and federal agencies. Safety is always our first concern and no field trip is worth endangering the welfare of our students.

The District recognizes that deposits and full payment for some trips must be made far in advance of the scheduled trip. By signing the attached one page double sided field trip permission form and returning it to the sponsoring teacher, you acknowledge the field trip may need to be cancelled. Some reasons may include but are not limited to potential security threats, inclement weather, or any other circumstances that are not identifiable at this time and that deposits and payment may be unable to be partially or fully recovered.

Sincerely,

Joanna Cadolino
